

## Hyde County Comprehensive Transportation Plan Vision & Goals

### Vision

To provide a multimodal transportation system that enhances the quality of life in Hyde County and promotes safety, reliability, efficiency and connectivity, while encouraging sustainable economic growth that is compatible with the environmental and land use patterns.

### Goals

1. Ensure the integrity of the existing transportation system by encouraging planned and strategic development.
2. Promote roadways that allow and encourage alternative modes of transportation such as walking and biking.
3. Educate the public on general transportation issues as well as alternative forms of transportation.
4. Preserve right of way construction of future transportation facilities.
5. Provide a well-designed highway system supportive of economic agriculture development and efficient land development.
6. Create better connectivity and mobility throughout the county.
7. Explore ferry options between Ocracoke and the mainland.
8. Provide travelers and the community with transportation that is safe, healthy, meets basic human needs, encourages responsible use of natural assets and benefits the local economy.
9. Identify and prioritize improvements that would enhance safety and quality of life through multimodal CTP implementation.
10. Improve access to the Hyde County airport facility.
